ACCOUNTANTS' REPORT

2014/15

This estimate of the mean GP earnings in respect of your practice has been prepared on your behalf in accordance with your instructions.

Moore and Smalley LLP is acting as advisor to the partners of Norwood Medical Centre and accepts no duty of care or liability towards any other person in connection with this calculation.

It should be noted that the prescribed method for calculating earnings is potentially misleading because it takes no account of how much time doctors spend working in the practice, and should not be used to form any judgement about GP earnings, nor to make any comparison with any other practice.

NORWOOD MEDICAL CENTRE

PUBLICATION OF EARNINGS

All GP practices are required to declare the mean earnings (e.g. average) for GPs working to deliver NHS services to patients at each practice.

The average pay for GPs working in the Norwood Medical Centre in the last financial year before tax and National Insurance was £44,329

This is for 5 full time GPs, 3 part time GPs, and 0 locum GPs who worked in the practice for more than 6 months.

It should be noted that the prescribed method for calculating earnings is potentially misleading because it takes no account of how much time doctors spend working in the practice, and should not be used to form any judgement about GP earnings, nor to make any comparison with any other practice.
